BEHAVIOURAL PROCESSES

Author Index

Atkins, K., see Kendrick, K.M. (38) 19

Beaugrand, J.P. and Cotnoir, P.-A.
The role of individual differences in the formation of triadic dominance orders of male green swordtail fish (*Xiphophorus helleri*) (38) 287
Beaugrand, J.P., see Cloutier, S. (38) 227
Beaugrand, J.P., see Hogue, M.-E. (38) 241
Bon, R. and Campan, R.
Unexplained sexual segregation in polygamous ungulates: a defense of an ontogenetic approach (38) 131
Bouissou, M.F., Porter, R.H., Boyle, L. and Ferreira, G.
Influence of a conspecific image of own vs. different breed on fear reactions of ewes (38) 37
Boyle, L., see Bouissou, M.F. (38) 37
Brand, G.
Depressive illness and behavioral modifications in children. The study of head and trunk mobility (38) 45

Cammaerts, R.
Factors affecting the regurgitation behaviour of the ant *Lasius flavus* (Formicidae) to the guest beetle *Claviger testaceus* (Pselaphidae) (38) 297
Campan, R., see Bon, R. (38) 131
Carr, J.A.R., see Wilkie, D.M. (38) 67
Carr, J.A.R., see Wilkie, D.M. (38) 77
Cloutier, S., Beaugrand, J.P. and Laguë, P.C.
The role of individual differences and patterns of resolution in the formation of dominance orders in domestic hen triads (38) 227
Cotnoir, P.-A., see Beaugrand, J.P. (38) 287

De Vos, G.J., see Van Kampen, H.S. (38) 55

Engel, J.
Choosing an appropriate sample interval for instantaneous sampling (38) 11

Fantino, E., see McDevitt, M.A. (38) 265
Ferrari, N., see San José, C. (38) 155
Ferreira, G., see Bouissou, M.F. (38) 37

Galloway, J., see Wilkie, D.M. (38) 67
Geiss, S. and Schrader, L.
Temporal and structural features of infant calls in relation to caregiving behaviour in common marmosets, *Callithrix j. jacchus* (38) 183

Heavens, P., see Kendrick, K.M. (38) 19
Hinton, M.R., see Kendrick, K.M. (38) 19
Hogue, M.-E., Beaugrand, J.P. and Laguë, P.C.
Coherent use of information by hens observing their former dominant defeating or being defeated by a stranger (38) 241
Hultsch, H. and Todt, D.
Rules of parameter variation in homotype series of birdsong can indicate a 'sollwert' significance (38) 175

Jitsumori, M. and Ohkubo, O.
Orientation discrimination and categorization of photographs of natural objects by pigeons (38) 205

Kendrick, K.M., Atkins, K., Hinton, M.R., Heavens, P. and Keverne, B.
Are faces special for sheep? Evidence from facial and object discrimination learning tests showing effects of inversion and social familiarity (38) 19
Keverne, B., see Kendrick, K.M. (38) 19
Koene, P.
Temporal structure of red jungle fowl crow sequences: single-case analysis (38) 193
Kwok, M., see Wilkie, D.M. (38) 77

Laguë, P.C., see Cloutier, S. (38) 227
Laguë, P.C., see Hogue, M.-E. (38) 241
Lenger, B., see Wilkie, D.M. (38) 77
Liu, M., see Wilkie, D.M. (38) 77
Lovari, S., see San José, C. (38) 155

McDevitt, M.A. and Fantino, E.
Visual stimulus compounding with pigeons (38) 265
McLean, A.P., see Rau, J.C. (38) 253
McLeod, P.J.
Developmental changes in associations among timber wolf (*Canis lupus*) postures (38) 105
Melville, C.L. and Weatherly, J.N.
Within-session patterns of responding when rats run in a T-maze (38) 89

Naguib, M.
Auditory distance estimation in song birds: Implications, methodologies and perspectives (38) 163

Ohkubo, O., see Jitsumori, M. (38) 205

Parker, K.J., see Wilkie, D.M. (38) 67
Pickering, L.D., see Rau, J.C. (38) 253
Plowright, C.M.S. and Redmond, D.
The effect of competition on choice by pigeons: foraging rate, resource availability and learning (38) 277
Plowright, C.M.S.
Simultaneous processing of short delays and higher order temporal intervals within a session by pigeons (38) 1
Porter, R.H., see Bouissou, M.F. (38) 37

Rau, J.C., Pickering, L.D. and McLean, A.P.
Resistance to change as a function of concurrent reinforcer magnitude (38) 253
Redmond, D., see Plowright, C.M.S. (38) 277

San José, C., Lovari, S. and Ferrari, N.
Temporal evolution of vigilance in roe deer (38) 155
Schrader, L., see Geiss, S. (38) 183
Siegenthaler, A., see Wilkie, D.M. (38) 77
Slabbekoorn, H. and Ten Cate, C.
Responses of collared doves to playback of coos (38) 169

Ten Cate, C., see Slabbekoorn, H. (38) 169
Todt, D., see Hultsch, H. (38) 175

Van Kampen, H.S. and De Vos, G.J.
Familiarity interferes with filial imprinting (38) 55

Weatherly, J.N., see Melville, C.L. (38) 89
Wilkie, D.M., Carr, J.A.R., Galloway, J., Parker, K.J. and Yamamoto, A.
Some characteristics of spatial associative memory in the pigeon, *Columba livia* (38) 67
Wilkie, D.M., Carr, J.A.R., Siegenthaler, A., Lenger, B., Liu, M. and Kwok, M.
Field observations of time-place behaviour in scavenging birds (38) 77
Wynne, C.D.L.
Transverse patterning in pigeons (38) 119

Yamamoto, A., see Wilkie, D.M. (38) 67

BEHAVIOURAL PROCESSES

Subject Index

Acoustic parameter, (38) 183
Agonistic behaviour, (38) 227, 287
Alternative reinforcement, (38) 253
Ant, (38) 297
Anticipation, (38) 77
Anticipatory flocking, (38) 77
Associative memory, (38) 67
Auditory distance estimation, (38) 163

Birdsong, (38) 163, 169, 175
Bird vocalization, (38) 169
Breed discrimination, (38) 37

Canis lupus, (38) 105
Capreolus capreolus, (38) 155
Caregiving behaviour, (38) 183
Categorization, (38) 205
Causal and ontogenetic approach, (38) 131
Chained schedule, (38) 1
Child, (38) 45
Choice, (38) 277
Choice model, (38) 119
Choice of sample interval, (38) 11
Clustering, (38) 105
Common marmoset, (38) 183
Communal rearing system, (38) 183
Communication, (38) 105, 169
Competition, (38) 277
Computer simulation, (38) 11
Concept dis.rimination, (38) 205

Depression, (38) 45
Development, (38) 105
Diet, (38) 297
Domestic fowl, (38) 241
Dominance, (38) 241
Dominance hierarchy, (38) 227, 287
Dove coo, (38) 169
Duration of colony maintenance, (38) 297

Environmental acoustics, (38) 163

Face recognition, (38) 19
Familiarity, (38) 55
Fear reactions, (38) 37
Feeding, (38) 155
Filial imprinting, (38) 55
Foraging, (38) 67

Gallus domesticus, (38) 227
Group foraging, (38) 277

Head movements, (38) 45
Hierarchy formation, (38) 241
Homotype series, (38) 175

Individual difference, (38) 287
Individual differences, (38) 227
Individual recognition, (38) 19
Instantaneous sampling, (38) 11
Internal clock, (38) 1

Junglefowl chicks, (38) 55

Key peck, (38) 119, 265

Latent inhibition, (38) 55
Learning, (38) 19, 277

Multidimensional scaling, (38) 105
Myrmecophile, (38) 297

Non-verbal behavior, (38) 45

Observation, (38) 241
Observational method, (38) 11
Operant discrimination, (38) 119
Orientation discrimination, (38) 205
Oryx dammah, (38) 11

Parameter variation, (38) 175
Pavlovian contingency, (38) 253
Peak procedure, (38) 1
Peck order, (38) 227
Percentage reinforcement, (38) 265
Performance control, (38) 175
Physical condition, (38) 193
Pigeon, (38) 1, 67, 119, 205, 265, 277
Playback, (38) 169
Playback experiments, (38) 163
Posturing, (38) 105

Pre-exposure, (38) 55
Prior experience of victory and defeat, (38) 227
Prior experience of victory or defeat, (38) 287

Queen, (38) 297

Rat, (38) 89
Red jungle fowl, (38) 193
Regurgitation, (38) 297
Reinforcer magnitude, (38) 253
Resistance to change, (38) 253
Response pattern, (38) 89
Response rate, (38) 1
Responses to slides, (38) 37
Rooster, (38) 193

Sampling technique, (38) 11
Scavenging birds, (38) 77
Sexually dimorphic ungulate, (38) 131
Sheep, (38) 19, 37
Single-case analysis, (38) 193
Size, (38) 227, 287
Social recognition, (38) 19, 37
Social segregation, (38) 131
Sollwert, (38) 175
Song degradation, (38) 163
Spatial memory, (38) 67
Spatial segregation, (38) 131
Starvation, (38) 297
Stimulus compound, (38) 265
Streptopelia decaocto, (38) 169

Time-place behaviour, (38) 77
Timing, (38) 1
T-maze, (38) 89
Transitive inference, (38) 241
Transverse patterning, (38) 119

Vigilance, (38) 155
Visual discrimination, (38) 19
Vocalisation, (38) 193
Vocalization, (38) 183

Welfare indicator, (38) 193

Xiphophorus helleri, (38) 287
